Fundraising and Special Card Programs

Polaroid systems are also used to create cards for fundraising for school programs and activities. Cards can be sponsored by area businesses, and feature offerings like discount programs. Special use cards like commemorative school dance passes and activity passes are also simple to set up and produce.

Enhanced Security and Operations

Through features like bar codes, magnetic stripes and smart cards, Polaroid ID cards help schools enhance security and increase efficiency. From access to school buildings to tracking student accounts at libraries and food service areas, Polaroid helps you protect and serve your school community with a single ID system.

Database Integration

Polaroid's ID Card Maker solutions easily integrate data from school administration software such as SASI, eliminating the need for multiple data entry points and saving time. Polaroid systems are also designed to integrate seamlessly with other education industry applications such as Lifetouch®, helping you better manage your school's photo resources.

Comprehensive Systems

Our software, printers and capture solutions comprise a full line of truly integrated systems while offering the flexibility to combine them in the configuration that's right for you. Polaroid ID Card Maker software products work flawlessly with our printers to create a seamless workflow.
